* sandals workshop

info

It has never been so simple, to create a pair of sandals with his own hands! With the help of a professional and the use of leather, that you can choose, you can realize a "Must of the Marche summer": **leather sandals**.

3 hours.

From 6 to 10 participants, from 16 years onwards.

who?

the workshop is held by **Gabriele** and **Daniela**, father and daughter with a long experience in leather's world.

They create **handmade shoes and bags** in limited edition against the serial and poor production. Besides to offer a support to the museum, they sell their own collection between Force and Turin.

Follow them in **www.lamarchigianastore.com** and in Instagram!

* copper processing workshop

info

Create a copper jewel.
You can begin to work from a copper thread or from a sheet.

Duration 3 hours.

Any particular skills, from 4 to max 10 participants; from 16 years old.

who?

Mara Liverotti as craftsman has born working with gold. She was trained in goldsmith art school "Arti e Mestieri" in Vicenza and she collaborated with different goldsmith's labs. As genuine "marchigiana" she decided to come back to her beloved Land.

terra vita

- a place to start -

Association of social promotion "Terra Vita" was born in Force in February 2018 by eight young women and a shoes' craftsman with the aim to support and actively involve the local population, to offer people different services and the possibility of career choices. The Association also offers leisure facilities for children, young people and adults through the activation of courses, workshops to extend interests, curiosity and passion and thus create a moment of socialization and sharing.
